About Self–Advocacy

Self-advocates are persons with intellectual or developmental disabilities who speak for themselves and participate in decisions about their lives. They promote their abilities and use their talents and voices to benefit all persons with disabilities. Self-advocates often work together in groups to accomplish their goals with a united effort and promote awareness about the need for inclusion for all.

About FL SAND . . .

Florida Self-Advocates Network'D, or FL SAND, is an independent 501(c)(3) non-profit organization operated by self-advocates. It has a board of directors representing 19 local grassroots groups that advocate for disability issues in their hometowns and statewide. FL SAND provides a united voice among self-advocates on issues that are important to all persons with disabilities, such as transportation, employment, and healthcare.

Why Invest in FL SAND? The FL SAND Conference is the largest gathering of self-advocates in the state. More than 160 self-advocates, their allies, parents, and providers will be on hand in support of the self-advocacy movement in Florida. The 2021 conference theme highlights FL SAND's mission to promote community inclusion for people with disabilities in all aspects of life. A sponsorship offers your organization the opportunity to not only showcase your products and services to this important audience of consumers and thought leaders, but to herald your support for more vibrant and inclusive opportunities for persons with intellectual and developmental disabilities in Florida. Your support will help FL SAND members continue to make a difference in their communities and throughout the state. And this will be your last conference sponsorship opportunity until 2023 as FL SAND is transitioning to a biennial conference.
